Introducing Fenton Lamps

The romance of Early America glows anew in these faithfully reproduced antique lamps, handfashioned in the age-old manner by skilled Fenton craftsmen.

This handsome new line of 18 lamps can bring you extra business, so we believe you'll agree they deserve a plus in your Fenton budget — over and above your normal spring order.

Pre-introduction market tests, involving 37 stores showed that these lamps sold extremely well. We suggest that you order them in limited quantity at first to see for yourself how well they sell to your particular customers.

Incidentally, you'll find that these lovely lamps provide beautiful decorative lighting, imparting a winsome charm to your gift sections.
