Shelley was
delighted...

... when we told her
she was to be
our cover girl.

Even though we
cannot recapture
the joy of a little
girl's delight,
we have had real
pleasure in developing
our new line
for you.

The rich blending of traditional and contemporary design in these unusual and brilliantly new decorator colors adapts the Fenton line to any home. The

new courting lamps in old fashioned oil or electric will be bought frequently in pairs because of their unusual attractiveness at such reasonable prices.
