ASH TRAY • LIGHTER

GIFT BOXED CIGARETTE SET

In response to your valued recommendations we have developed these new pieces of

HANDMADE

Fenton Glass

Fenton thumbprint sherbets and tumblers in the three colonial colors were made as companion pieces for the thumbprint compots and goblets introduced in January. The delicate charm of the sherbets and the strong character of the tumblers make these pieces appealing for any setting.

Fenton milkglass hobnail ash tray and lighter were developed to go with our covered cigarette box. These pieces can be sold separately or combined in an attractive gift box furnished to you at no extra cost when the items are ordered in sets. The gift box is suitable for counter display. It contains a set of three ash trays, a covered cigarette box and a lighter, making an attractive gift for home and office.

Thank you for asking us to make these pieces.
